DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 6

ADA, OKLAHOMA, TUESDAY EVENING, JANUARY 25, 1910

NUMBER 255

PLUMBING ORDINANCE ADOPTED

LONG DISCUSSION FOLLOWS THE
READING OF THIS OR-
DINANCE.

EAST SIDE WANTS SIDEWALK

Donaghey and Sunrise Additions
Property Owners Present Peti-
tion Asking That Walk
Be Built.

The roll call at the council meet-
ing last night caught Grigsby, Hill,
Evans, West and Hope present. Sims
arrived just as the last name was
called and Crowder and Chapman
rolled in a few minutes later.

The reading of the bills which re-
sulted in their approval was as fol-
lows: Jno. News, \$6.90; W. B. Mc-
Millan, \$1.90; F. Errin, \$3.20; A.
Hill, \$3.20; Ed Shultz \$1.20; Total,
\$16.40. City Attorney Webb's bill of
\$36.50 for legal advice, etc., render-
ed from November 8 to last night
was considered reasonable enough
and was approved.

East Side Wants Walk.

A petition was presented to the
council asking that a sidewalk 5 feet

wide be constructed on both sides of
Tenth street from Center to Hope
avenues in Sunrise and Donaghey
additions. The petition was signed
by ten property owners of that part
of the city and their desire, which
was commended by the dads, was ap-
proved.

Awnings Ordered Down.

Following the sidewalk prayer a
resolution by the proper committee
was read which condemned as unsafe
all awnings projecting over Main and
Broadway and requested the chief of
police to remove them. The resolu-
tion carried without any discussion.

Ordinance Creates Talk.

The plumbing ordinance which
has been before the council for some
little time was adopted. The double
reading of this ordinance which con-
sists of thirty sections consumed an
hour or two and the discussion which
followed demanded about as much
time. The question of licensing plum-
bers arose and argument after argu-
ment was indulged in. Some mem-
bers were in favor of allowing most
anybody to do plumbing, contending
that if their work was approved by
the city engineer that it ought to be
good enough work, and in this case
the resident would probably get sat-
isfactory work done at a cheaper
price than if no one, who could not
produce credentials showing him to be
a practical man, would be allow-
ed to work at the trade. In this
connection Hope stated he failed to
see why a blacksmith couldn't do a
satisfactory job of plumbing if his
work was approved by the city engi-
neer, and Sims replied that "a
blacksmith can shave you, too, but
can't give you as good a scrape as
a barber."

A motion was then made and sec-
onded that the meeting adjourn un-
til Wednesday night when some more
important business will come up.

MISS GERTRUDE THOMPSON IN HONOR MISS HAMILTON

There was given at the commodi-
ous home of Col. Geo. Thompson,
by his accomplished daughter, Miss
Gertrude, last evening in honor of
her guest, Miss Laura Hamilton of
Holdenville, a delightful party. The
lists of guests included the leading
social young ladies and gentlemen
of the city. Miss Gertrude was in-
deed a charming hostess and the
ease with which she caused the twen-
ty or more guests to feel at home
and happy with each other portrayed
the culture of her nature and train-
ing.

42 was the game played. Delicious
refreshments were served.

Miss Hamilton, the guest is distin-
guished a favorite social visitor in the
city.

SECRETARY WILSON DEFENDS THE FARMER

FARMERS AND STOCKMEN CAN'T
HELP HIGH PRICES.

The Secretary Will Send His Report
to Congress Probably
Today.

Washington, Jan. 25.—On the au-
thority of an official of the depart-
ment of Agriculture it is stated that
a report which Secretary Wilson will
send to congress this week, possibly
Tuesday, will absolve the farmer and
stock raiser of blame for the in-
creasing cost of living. It is stated
that the bulletin will set forth fig-
ures to prove two salient facts:

1. That not only has the number
of animals used for food increased
during the past year, but that the
increase has been greater in propor-
tion to the previous supply than the
increase in population.

2. That the prices paid to the pro-
ducer of live stock is not substan-
tially greater this year than it was
last year, and that the prices paid
by the consumer are much greater.

Who is getting this increase in the
price of meat is a question, it is
stated, that Secretary Wilson will
leave unanswered, except that he will
show that the farmer is not getting it.

Leaders Seem to Fear Investigation.

While the country is in an in-
tense ferment over the question of the
increased cost of food products, the
leaders in control of congress ap-
pear to be in fear of entering upon
a congressional investigation. Three
weeks ago Representative Paul How-
land of Cleveland, Ohio, a Republican
in good standing with the Cannon or-
ganizations, introduced a resolution
for a searching inquiry into the cost
of living, and the responsibility
thereof. The resolution went to the
Committee on Rules of which Speak-
er Cannon is chairman. It has not
seen daylight yet. The Howland res-
olution was followed by an able and
comprehensive speech by Representa-
tive Albert Douglass, also of Ohio,
and also a republican classed as a
"regular," who urged congress to
take cognizance of the situation.

Representative Howland today said:
"I don't see what I can do if the
committee won't report the resolu-
tion. I put up the strongest argu-
ment I could and that ended it as
far as I am concerned."

"I'll get that resolution reported
for Howland," said Representative
Champ Clark of Missouri, "for I be-
lieve it is something that ought to be
ventilated. I don't care a rap
whether a republican or a democrat
introduced the thing. It's outrage-
ous the way the dealers are charg-
ing for things these days. Reed Smoot
goes upon the floor of the senate the
other day and said that the provision
sellers noadways were making 300 to
400 per cent profit on everything they
handled. I think congress should by
all means order an investigation to
determine whether the manufacturers
jobbers, retailers or railroads are
perpetrating this outrage on a people
whose wage earners average only
\$420 per year."

GARVIN COUNTY AND COLORADO VISITORS

L. Salla and wife of Hennepin,
Garvin county, Ok., and Charles
Scales and wife of Paonia, Delta coun-
ty, Colo., are visiting Mr. and Mrs.
August Fishback on 15th street, Ada,
Okla. Mr. Sallee and wife is the fa-
ther and mother of Mrs. Fishback, Mrs.
Scales is a sister to Mrs. Sallee. Mr.
and Mrs. Scales live in one of the
finest fruit growing sections in Amer-
ica and is largely interested in
growing fruit and in the sold storage
business. His fruit lands are worth
one thousand dollars per acre. He
finds lots of apples in all the fruit
stands in Ada out of their cold
storage in Paonia, Colo.

Mr. Scales says a more beautiful
town than Ada is hard to find and
will certainly make a fine city in
the near future.

REPUBLICAN NEWSPAPER FOR DEMOCRATIC ADA

W. C. Bridwell of Cleveland, Okla.,
an experienced newspaper man, is in
Ada considering the establishment
within the near future of a republi-
can newspaper.

GUITAR-PLAYING NEGRO STOPS BULLET WITH BREAST BONE

JOE POSTER TAKES SHOT AT
LOUIS MCKNIGHT.

Trouble Starting in Negrotown Last
Night Lands Principals in
Jail.

The fact that Louis McKnight has
a breast bone is responsible for his
being alive today instead of filling a
hole in the ground.

McKnight, who is a negro, got in
a mix-up with some other negroes
in Negrotown and when the mix-up
ended he had a bullet lying up
against his jugular vein—and it's still
there.

The wounded negro went to Joe
Watson's home about five o'clock yes-
terday afternoon and, according to
the information gathered by the of-
ficers, grabbed a negress with one
hand while with the other he held an
opened knife in a threatening man-
ner. A negro by the name of Mc-
Kay was in the room and says he
thought McKnight was going to cut
the negress's throat, so he grab-
bed him by the wrist, and asked him
not to harm her. McKnight evident-
ly misunderstood the other Mac—any-
way the request wasn't granted. On
the contrary, McKnight jumped on-
to McKay with both feet and soon
had him hors de combat.

Watson Gets Busy With Gun.

This disturbance brought Joe Wat-
son on the scene. He issued orders
to the fighting negro to vacate the
house. McKnight vacated and a fight
arose between the two which resulted
in Watson shooting the other. The
bullet hit the breast bone, glanc-
ed, and landed near the jugular vein.
The shootist has a scratch near his
left eye which he claims was done
by McKnight with a knife.

The wounded negro came up town
after the affray and Chief of Police
Culver had his wound dressed after
which he was turned loose. Soon after
McKnight arrived, Watson came to
the city and wanted his eye worked
on. He surrendered to the chief of
police and was put in the city jail.
Last night he was taken to the coun-
ty jail.

McKnight Wanted More Trouble.

McKnight hadn't had enough ex-
citement, so after his wound was
dressed he returned to Negrotown
and revived his difficulty with Mc-
Kay. He hadn't been there very long
until Sheriff Smith, Constable Adair
and Policeman Mitchell visited the
place. The negress over whom the
first doin's started told the officers
all about the defugility. After hearing
her story they brought McKnight to
the county jail and he and Watson
are occupying a cell together.

Gun Is Missing.

The gun with which Watson did his
shooting has not been found. Watson
said he left it in Negrotown. If he
did, he must have left it in a well,
under a house or some other out of
the way place as it can't be found.
He says the gun was an automatic
and McKnight says it was, too, but
the officers say, in their estimation,
it was a double barreled derringer.
If it had been an automatic gun Mc-
Knight's bone wouldn't have stopped
it. The bullet is also too large for
an automatic bullet.

McKnight is one of a quartette of
negroes who have been in Ada for
four or five months. They have com-
posed a string band aggregation and
McKnight was the guitar operator.
He has been shot once before, the
ball glancing as the one last night,
which would indicate that his body
is bullet proof.

Both negroes will be given an ex-
amining trial tomorrow.

Attend Club Meeting.

The citizens of Ada are urged to
meet at the 25,000 club room this
evening at 7:30 o'clock for the pur-
pose of considering the Normal school
work, and other interests looking to
the welfare and growth of the city.

Tom Chambliss in City.

Col. Tom J. Chambliss of Stratford
formerly mayor of Ada, and presi-
dent of the city commercial club, re-
turned to his home after visiting
among his old friends a couple of
days.

AMERICAN TARIFF NOTE UNPLEASANT TO GERMANS

REPLY DISAPPOINTS FOREIGN
OFFICE.

More Writing Necessary to Prevent

Hostilities Between the
Countries.

Berlin, Jan. 25.—The American note
on the tariff is not satisfactory to
the German government. A dispatch
which was delivered to the Foreign
office last night was deciphered in
installments today, being examined

page by page by the officials con-
cerned.

The first paragraphs of the note,
which were favorable to the Ger-
man contentions, gave the impres-
sions that the controversy was end-
ed, but as the note proceeded it was
perceived that various points have
yet to be considered and that Wash-
ington continues to hold positions to
which Germany is not prepared to
yield at the present time.

The feeling at the Foreign Of-
fice is one of great disappointment,
and, although there is no talk of tar-
iff hostilities, it is evident that here
must be a further exchange of com-
munications.

FARM WANTED.

Will pay cash for 160 to 240 acre
farm near Ada. Price must be cheap

Ordinance No. 195.

An Ordinance relating to the regu-
lation and construction of Plumbing
in the City of Ada, Oklahoma, and
prescribing the materials to be used,
quality of work to be done, and pro-
viding a penalty for failure to com-
ply with same.

Be it ordained by the Mayor and
City Council of the City of Ada, Okla-
homa.

Section 1. That all plumbing
done in the City of Ada, Oklahoma,
shall be done under the control of
a committee, appointed by the Mayor
and consisting of three members
of the City Council and the City En-
gineer who shall act as Inspector.

Sec. 2. It shall be the duty of
said Inspector to inspect all plumb-
ing and sewer connections during the
construction of said work and pass
on the sanitary condition as provided
in this ordinance and make complaint
to the Plumbing Committee of any
violation of the same. Said Inspector
shall also perform all duties re-
quired of him by Ordinances herein-
after to be passed in reference to
the Sewerage system in the City of
Ada, Oklahoma, and do and per-
form all duties required of him by
Ordinance and by the Plumbing
Committee.

It shall be the duty of said Plumb-
ing Committee to examine and pass
upon the qualifications of all who
file an application desiring to engage
in the business of plumbing within
the limits of the City of Ada, Okla-
homa.

This examination shall satisfy the
committee as to the applicants abili-
ty as a plumber and his familiarity
with the plumbing regulations of the
City of Ada, Oklahoma.

Sec. 3. It shall be the duty of every
plumber before proceeding with the
construction of any new work or the
reconstruction of any old work,
except in the case of leaks or other
repairs which do not involve a
change in sewerage, drainage or
ventilation syphons to submit to the
City Engineer a set of plans show-

ing the proposed work to be per-
formed and no such work shall be
done without a permit.

The conditions of the permit must
be strictly complied with, and the
work must be done by the plumber
or person in whose name the permit
is given.

Sec. 4. That there shall be charged
and collected by the City Clerk
an inspection fee of one dollar for
each and every sewer connection and
an additional fee of twenty-five cents
for each fixture in new and recon-
structed work before the issuance of
a permit and the receipt of the City
Clerk shall be exhibited to the City
Engineer before any inspection is
made. The City Clerk shall keep a
record of all permits issued under
this ordinance. The permits shall be
numbered in the order issued. Each
permit shall give the exact location
of the property, owner of the prop-
erty, kind and number of connections
and fixtures and name of person or
persons employed to do the work. No
permit shall be deemed to author-
ize anything not stated, and for any
misrepresentation the plumber shall
be suspended and, if such mis-
representation appears to the Plumb-
ing committee to be wilful his li-
cense shall be revoked.

Permits to make connections with
the sewer system will be issued only
when the plumbing in the house or
building to be connected is in ac-
cordance with the rules for plumb-
ing hereinafter prescribed.

The city clerk shall collect all fees
before issuing any permit and shall
retain ten per cent of the amount
of such fees as a commission, the bal-
ance to be turned over to the City
Treasurer and placed to the credit
of the engineering fund.

Sec. 5. The City Engineer shall
keep a record of his work and make
monthly reports to the City Council
covering all plumbing work done
within the City. All plumbing work
shall be frequently inspected and
shall be performed in strict accord-
ance with the plumbing regulations
and with the provisions of this ordi-
nance and a list of all condemned
premises shall be kept in the office
of the City Clerk for public inspec-
tion.

Sec. 6. That every building within
the sewer district where main or lat-
eral sewers are provided for within
300 feet shall be connected therewith
within ninety days after the comple-
tion and acceptance of such main or
lateral in the street or alley abutting
upon any lot occupied by a building.

Connections for the sewer must be
made for all water closets, urinals,
sinks or other places where refuse,
slop, waste paper, water, or domestic
fluids of any kind is accumulated
or deposited and no owner or occu-
pant of any lot or building shall
use any privy or ural or allow, any
refuse, slops, waste water or domes-
tic fluid waste of any kind to ac-
cumulate upon such lots after the
completion of the sanitary sewers
and the specified time above men-
tioned.

Sec. 7. The sanitary sewerage sys-
tem of the City of Ada, consists of
main and lateral conduits of salt
glazed vitrified earthenware pipe with
necessary accessories. They are de-
signed to carry off all liquid house
wastes, and are known hereinafter
as sanitary sewers.

Sec. 8. That whenever any sewer
pipe passes within five feet of any
well or cistern, or when any sewer
pipe is laid under ground which has
been made or filled in, such pipe
shall be cast iron, and shall be laid
as per instructions of the Inspector.

Sec. 9. The sewer inspector is to
be given notice when any work is
ready for inspection and all work is
to be left uncovered and convenient

for examination until inspected and
approved. Such inspection shall be
made within 24 hours after notifica-
tion. The plumber shall furnish all
necessary tools, labor and assistance
for testing and inspecting his work
free of charge to the City of Ada.
The plumber shall remove or repair
any defective material when so or-
dered by the inspector.

Sec. 10. No open gutter, cess-pools
or privy vaults shall be connected
with any sewer or drain only when
trapped in such a manner that the
water seal cannot be destroyed.

Sec. 11.—No person, firm or corpo-
ration shall injure, break or remove
any portion of any man-hole, lamp-
hole, or flush tank, or any part of
the sewer system, or throw or depos-
it, or cause to be thrown or deposit-
ed in any sewer opening or receptacle
connected with the sewer system, any
garbage, offal, dead animals, vege-
table parings, ashes, cinders, rags
or any other matter or thing what-
soever, except faeces, urine the neces-
sary water close, tissue paper, liquid
house or mill slops, and roof water
by special permit.

Sec. 12. Any person, firm or corpo-
ration desiring to lay pipes for wa-
ter, gas, steam or any other pur-
pose in the streets or alleys where
sewers are laid shall give at least
24 hours notice to the inspector be-
fore opening the street or alley and
the manner of excavating for laying
and back filling over such pipes shall
be subjected to the approval of the
inspector. All work shall be plan-
ned and executed so that no injury
shall occur to any public sewer or
drain or to any house sewer, or drain
connected therewith.

Sec. 13.—The sewer inspector shall
have the power to stop and prevent
from discharging into the sewer sys-
tem and private drain or sewer
through which substances are dis-
charged which are liable to injure
the sewers or obstruct the flow of
sewerage. Before any private drain
shall be connected with the sewer
system the owner of the private drain
or sewer shall prove to the satisfac-
tion of the inspector that it is
clean and conforms in every respect
with these rules and regulations.

Sec. 14. The house sewer trench
shall be dug so as to meet the pub-
lic sewer at the position of the "Y"
branch as located by the inspector.

The material thrown from the
trench shall be placed so as not to
obstruct and so as to cause the least
inconvenience to the public. Proper
barriers must be maintained on
the banks of the trench to guard the
public against accidents during the
progress of the work.

In back filling the earth shall be
carefully rammed or flooded so as
to keep the pipe in the proper posi-
tion and avoid settling.

All pipe systems must be as di-
rect as possible and shall have the
proper fall toward the sewer.

Sec. 15. Within a building tar-
coated, cast iron pipes must be used.
No connection shall be allowed with
soil pipe, except those made with
lead pipe and ferrules; all joints to
be wiped on both waste and supply
pipes; no cup or bolt joints to be
allowed under any circumstances.
Traps and fresh air inlets shall be
placed in house sewers when deemed
necessary by the inspector. Where
buildings are set on piers and sewer
pipe can be covered 12 inches at
the shallow end terra cotta pipe can
be used; but in enclosed buildings
the sewerage must in every case be
of cast iron pipe.

Sec. 16.—The cover of the "Y"
branch on the sewer shall be care-
fully removed so as not to injure the
socket. The first joint of pipe at-
tached to the "Y" shall be curved
and set so as to give a good fall to
the sewer.

The pipe shall be laid on an even
grade and in a straight line. The

grade shall not be less than one (1)
inch in ten (10) feet unless by spe-
cial permission in which case provi-
sions must be made for regular and
efficient flushing. Curved pipe shall
be used for every deflection from a
straight line. The joints of the earth-
enware pipe shall be made with a
cement mortar mixed one part Port-
land cement and two parts clean
sharp sand. The joints of the cast
iron pipe shall be of oakum and
lead. The ends of private sewers not
immediately connected with the
plumbing fixtures shall be securely
closed by a water tight, imperish-
able material. If lead pipe the end
must be soldered. If cast iron pipe,
must be caulked with lead.

Sec. 17. All material used must be
of good quality and free from de-
fects. The work must be executed
in a thorough and workmanlike man-
ner.

All cast iron pipes must be sound,
free from holes or cracks and of
standard grade, coated with tar and
asphaltum. All fittings used in con-
nection with such pipe shall corres-
pond with it in weight and quality.
Where lead pipe is used to connect
fixtures with vertical, soil or waste
pipes and traps should if practicable
be exposed to view at all times for
ready inspection and for the con-
venience of repairing. When neces-
sary placed with in partitions of re-
cesses of walls, soil and waste pipe
should be covered with wood work
so fastened with screws as to be
readily removed.

Sec. 18.—A main waste pipe in
which wash basins, bath tubs, or
kitchen sinks discharge must be at
least two (2) inches in diameter, with
one and one-half (1½) inch branches.
The main pipe from the sewer con-
nection to the house must be at
least four (4) inches in interior di-
ameter at every point. No tap or any
manner of obstruction to the free
flow of air through the whole course
of the main house sewer or soil
pipe will be allowed, except where
grease traps are used in connection
with kitchen sinks.

This may be secured by an untrap-
ped main house sewer and soil pipe,
or if a trap is placed in the main
soil pipe, by a ventilating pipe to
the roof from the top side of the
trap and a fresh air inlet connecting
with the foot of the main soil pipe,
just above the trap.

Every vertical soil and waste pipe
must be extended at least two feet
above the roof or parapet wall. It
must be of undiminished size with
open end or ventilating cap. It must
not open near a window nor air shaft
which ventilates living rooms. Soil,
waste and vent pipes in an extension
must be extended above the roof of
the main or adjoining buildings,
when otherwise they would open
within twenty (20) feet of the win-
dows of the main or adjoining build-
ing.

Sec. 19. All joints in iron drain
pipes, soil pipes and waste pipes
must be so filled with oakum and
lead and hand caulked as to make
them gas tight.

All connections of lead pipes must
be made with a brass or lead sleeve
lead pipe put in the hub of the branch
of the iron pipe and caulked with
lead. The lead pipe must be attach-
ed to the ferrule by a wiped joint.

All connections of lead, waste and
vent pipes shall be made by means
of wiped joints.

Sec. 20. Every water closet, urinal
sinks, wash tray, and bath tub and
every tub and set of tubs must be
separately and effectually trapped.
Drum traps shall be used for all
bath tubs. Traps must be placed as
near the fixtures as possible, and
properly ventilated, except in water
closets outside of houses, in such
closet the trap and flush valve shall
be placed below frost line and no
flushing tank to be used in con-
nection therewith except automatic
flush tanks. In no case shall water
from bath tubs or other fixtures be
connected with the water closet trap.
Sinks in all packing houses, butcher
shops, lard rendering establishments,
hotels, restaurants, boarding houses
and laundries shall be provided with
suitable grease trap. Wash room for
carriages must be provided with
proper means for intercepting mud.

Sec. 21. Vent pipes from all fix-
tures, except water closets and slop
hoppers shall not be of less size

than one and one-fourth inches in
diameter and when two fixtures con-
nect in the same vent it shall not
be less than one and one-half inches
in diameter. When three or four
fixtures are connected to the vent,
it shall not be less than two inches
in diameter, all above four fixtures
the vent must be four inches in di-
ameter. All water closets except anti-
freezing closets in out houses by al-
ley, must be back air vented with not
less than two inch pipe in diameter
from closet to main vent or stack
which must not be less than four
inches in diameter, except siphon
jets and approved pattern wash
down closets, and they not over six
feet from main stack and vent pipe.

Sec. 22. That waste from safes un-
der water closets, basins or any
other fixtures shall in no case be
connected with the house sewer. Sed-
iments, blown-off steam exhaust pipes
from boilers and tank overflow pipes,
shall not be connected with the sew-
ers.

Sec. 23. That waste pipes from re-
frigerators, and other receptacles in
which provisions or food are stored
shall not be directly connected with
the sewer. Such waste pipes shall be
provided with traps, suitably venti-
lated, and in every case there shall
be open air space between the trap
and the connection with the sewer.

Sec. 24. Rain water conductors
shall not be connected with the sew-
ers, without a special permit.

Sec. 25.—Overflows from fixtures
must, in each case, be connected with
the inlet side of the trap.

Sec. 26. Water closets must be
made of iron enameled inside or glazed
earthware, all exposed, the wood
work to consist of seat, tank and
back only. In no instance will any
wood casing be allowed. No pan clos-
et, long hopper, or plunger closet
with direct supply of any kind will
be allowed except in prisons or asy-
lums or out houses, then the latest
improved prison or asylum closet
must be used. No closet not having
walls flushed at each discharge or
ventilating space shall be used, ex-
cept siphon jets. Each water closet
shall be supplied with an individual
tank and no flush pipe for such shall
be less than one and one-fourth
inches in diameter, no tank shall be
used of a smaller size than the
standard five gallon tank and shall
be set to flush not less than four
gallons of water at each discharge.
A stop cock shall be placed next to
the floor on all close: supply pipes.

Sec. 27. The plumbing work shall
not be used unless the same has
been subjected to a hydraulic test.
When soil and waste pipes are plac-
ed in position, with all necessary
lead connections to receive fixtures
properly placed, the same shall be
soldered up and the whole system
filled with water to the highest point
or the smoke test. After all fixtures

have been placed and traps filled with
water, the whole shall be subjected
to a smoke test, the top of the sack
to be closed or plugged up and a
reasonable pressure of smoke shall
be applied, to the satisfaction of the
inspector, when a certificate of ap-
proval will be issued to the plumb-
er by said inspector, the certifi-
cate does not relieve the plumber
of his responsibility for any defective
work which may have escaped the
notice of the inspector. It shall be
the duty of the inspector to prompt-
ly condemn and order the removal of
any defective material or of any
work other than in accordance with
the provisions of the regulations. All
plumbing work must be done in a
workman-like manner, and to the en-
tire satisfaction of the Inspector.

Sec. 28. Exit pipes to all fixtures,
except water closets, shall be furnis-
hed with suitable permanently attach-
ed strainers. No person shall place
or suffer to be placed, any bulky sub-
stance in any sewer opening, or in
the house connections, or private
drains connecting with any public
main or lateral sewer, or any sub-
stance having a tendency to obstruct
the free flowage of said sewers, or to
damage them in any way.

Section 29. Any person violating
any of the provisions of these rules
and regulations shall be deemed guilty
of a misdemeanor and upon con-
viction thereof in the police court
shall be fined in any sum not ex-
ceeding \$25.00.

Sec. 30. That by reason of the un-
sanitary conditions existing from the
lack of sufficient drains and sewer-
age in the City of Ada, Oklahoma,
the health and safety of the inhabi-
tants are in imminent danger, where-
of it is deemed necessary for the
immediate preservation of the public
health and safety of the inhabitants
that this ordinance become operative
without delay, an emergency is
hereby declared to exist, and this or-
dinance shall take effect, and be in
full force from and after its passage,
approval and publication, as requir-
ed by law.

Passed by the Council this 24th
day of January, 1910.

Approved by the Mayor this the
25th day of January, 1910.
(SEAL) L. J. LITTLE, Mayor
Attest: W. B. JONES, City Clerk
(Pub. Jan. 25, 1910.)

LITTLE FIRE DAMAGE.

Blaze Reported From Stockton Ave. This Morning.

A fire alarm was turned in at 7 a. m. from 15th and Stockton, but when the fire company arrived at the number there was no fire to be found. Later it was discovered that the fire was at a residence on 13th and Stockton, where a defective flue caused a little damage to the roof. The blaze was extinguished without the fire department.

KATY TWO HOURS LATE.

Derailment of Cars at Oklahoma City Causes Delay.

The south bound Katy passenger train was nearly two hours late today, caused by the Frisco getting some cars off on the cross-over at Oklahoma City.

SUGGESTIONS OF SPRING.

Open Cabs and Coats Men Out Today.

One of the first intimations of spring was the appearance of open cabs on the streets today. The coatless men were also in evidence. Temperature at 2 p. m. seventy-four.

Ladies' Box Supper.

The home mission ladies of the Assembly Methodist church realized the neat sum of \$29.49 from their box supper Saturday night. The sum supplemented by small individual donations results in these good ladies being out of debt. The box supper was a most pleasant affair.

Unless accounts are settled satisfactorily with him they will be placed in the hands of an attorney with directions to bring suit for collection. ADA FUR. & COFFIN CO.

FIRE ALARM

It is understood by all concerned that a more uniform system of handling a "Fire Alarm" be adopted, to be as follows:

1. The Alarm shall be given to the Central operator, giving the Ward and nearest street crossing. The party turning in the Alarm shall stay at telephone until they receive the O K from the operator.

2. The operator shall then give the address to the driver at the fire station.

3. The operator shall then turn the Alarm to the general Alarm, The Whistle, The Engineer shall (1s.) give fire whistle followed by—

First Ward.....One Blast
Second Ward.....Two Blasts
Third Ward.....Three Blasts
Fourth Ward.....Four Blasts
Main Street.....Five Blasts

Central can not give correct address unless it is given to them correct! Any one calling for Fire Station shall call "159 No Fire."

MISS LEONA CHAUNCEY WINS M. & P. ESSAY CONTEST

RECEIVES TEN DOLLARS AWARD FROM BANK.

Guy Woodward Writes Second Best Story on George Washington.

Other Winners.

The winners in the Merchants and Planters State Bank essay writing contest were made known yesterday afternoon and are announced as follows:

First prize, \$10, Leona Chauncey, Ada.

Second prize, \$5, Guy Woodward, Ada.

The next five who received one dollar each are: Gussie Levin, Ada; Lenore McKendree, Ada; Lurline Chisler, Ada; Nell Hodge, Ada; Ethel Caton, Oakman.

The subject of the essay was "George Washington," and the event was advertised in the Evening News several weeks ago and the number of articles received from all over the county shows what a potent factor this paper is in the way of advertising. J. M. Watkins, of the Evening News, Rev. J. O. Needham and Rev. J. D. White were the judges of the contest. Below is the prize winning essay by Miss Chauncey:

George Washington was first introduced to me in the Cherry tree story. He was the first man who never told a lie and many people think him the last. Anyhow, he is the last recorded in history.

Born in Virginia, 1799, surveyor in a wilderness best by Indians, at sixteen successfully performing a perilous journey for his colony at eighteen appointed colonel to defend the colonists against the French and Indians. This was his early preparation for leadership. An all-seeing Providence protected him in battle, for later, in "Braddock's Defeat" two horses were shot from under him and four bullets through his coat, all others being killed or wounded.

When we consider the crude conditions, insufficient forces, lack of supplies, and no stability of government, he is, without doubt, the greatest military genius and deserves the title of "Father of His Country."

At Valley Forge he wept to see the suffering and was often seen in some lonely spot praying. At the close of the war he was elected president, refusing a title, thereby setting a lasting example to our country. "First in war, first in peace, and first in the hearts of his countrymen." Washington's chief characteristic was common sense. This insured stability and progress to our nation.

His was a true type of sterling greatness. We might compare his character with a circle. There were no sharp lines or angles. Though he was not brilliant, he was well rounded. He was as great, as good from earliest times. God has raised up great and good men to lead nations in times of trouble and I believe it was his plan that Washington should bring about our glorious independence.

Notice of Dissolution of Partnership.

Doctors Craig and Runyan by mutual agreement dissolved partnership January 1, 1910.

Dr. Runyan assumes all indebtedness of the firm and will collect and receipt for all bills due the firm. All bills will be mailed as soon as possible.

All bills remaining unadjusted Feb. 1st, 1910, will be considered delinquent, and will be placed in the hands of attorney after that date.

The Ada National Bank is authorized to receipt for any money paid in. J. R. RUNYAN, M. D. 20-10t

BE SURE AND GIVE FIRE BOYS CORRECT NUMBER

HOUSE IS LIABLE TO BURN UP IF YOU DON'T.

A Communication to Evening News Telling How Better Service May Be Had.

The following communication reached the Evening News this afternoon. It contains some food for thought. Read it:

There was a little fire occurred on 13th and Stockton this morning and the alarm turned in to us at the station was from 15th and Stockton. If the citizens of Ada will use a little more precaution in case of fire they will secure better service as it is a fact that all we have to go by is the street and number which is telephoned to us. If the citizens will give us the correct number in case of fire we will certainly be in a better position to help them. A DRIVER.

Country School Officers.

Messrs. J. H. Bullock and J. C. Ballard, school officers of District No. 61, adjoining Ada on the west, was in Ada Wednesday on business connected with their responsibilities as school trustees. They report that smallpox has interfered with the progress of the school. These gentlemen are appreciated subscribers to the News.

Notice to Paving Contractors.

Published Jan. 17th to Jan. 28th Inc., 1910.

Notice is hereby given that in pursuance of a resolution adopted by the Mayor and City Council of City of Ada, Okla., on the 6th day of December, 1909, sealed bids will be received at the office of W. B. Jones, City Clerk of Ada, Oklahoma, up to five o'clock P. M., January 31, 1910, and will be considered by the Mayor and Council in the Council Chamber in the City Hall Building at eight o'clock P. M. on January 31, 1910.

For the paving, necessary grading, curbing, guttering and draining of Main street from the East line of the M., K. & T. Railway right-of-way to the West line of Stockton Ave. to be paved a total width of sixty-eight (68) feet from face of curb to face of curb and on Main street from the West line of Stockton Ave. to the West line of the St. Louis and San Francisco Railway Right-of-way to be paved a total width of forty (40) feet from face of curb to face of curb; Townsend Ave. from the North line of 12th Street to the North line of the St. Louis and San Francisco Railway Right-of-way to be paved a total width of fifty-six (56) feet from face of curb to face of curb; Broadway Ave. from the North line of 12th street to the North line of the St. Louis and San Francisco Railway Right-of-way to be paved a total width of sixty-eight (68) feet from face of curb to face of curb. Each and all of said streets and avenues being in the City of Ada, Oklahoma, and that the material to be used in the paving of the roadway of said street shall be a two (2) inch Rock Asphalt wearing surface with a five (5) inch Portland Cement concrete foundation, and that the necessary grading to be done, and catch basins, concrete curbing and guttering and draining to be constructed therefor in accordance with the plans and specifications prepared by city engineer, and adopted by the Mayor and City Council on the 12th day of January, 1910, and now on file in the office of the City Clerk.

Each bid must be accompanied by a certified check in the sum of five (5 per cent) per cent of the amount bid, to be forfeited to the City of Ada, Oklahoma, in case the successful bidder fails to enter into contract and give the required bond within the required time. Contractor will be required to give bond in the sum of thirty (30 per cent) per cent of the contract price for the faithful performance of said work, and the holding of the city harmless from any and all damages which might occur. The contractor will also be required to give bond in the sum of ten (10 per cent) per cent of the contract price for the keeping of the paving in a state of good repair for a period of not less than five (5) years. Contractor shall receive for the above work Street Improvement Bonds at par value against the abutting property according to House Bill No. 231 of the State of Oklahoma, dated April 17, 1908, and a certain amendment to said law known as House Bill No. 401, of the State of Oklahoma, dated March 23, 1909. Council reserves the right to reject any and all bids. (SEAL)

W. B. JONES, City Clerk.

VOLUME 6

ADA, OKLAHOMA, TUESDAY EVENING, JANUARY 25, 1910

NUMBER 255

PLUMBING ORDINANCE ADOPTED

LONG DISCUSSION FOLLOWS THE
READING OF THIS OR-
DINANCE.

EAST SIDE WANTS SIDEWALK

Donaghey and Sunrise Additions
Property Owners Present Peti-
tion Asking That Walk
Be Built.

The roll call at the council meeting last night caught Grigsby, Hill, Evans, West and Hope present. Sims arrived just as the last name was called and Crowder and Chapman rolled in a few minutes later.

The reading of the bills which resulted in their approval was as follows: Jno. A. News, \$6.90; W. B. McMillan, \$1.90; E. Errin, \$3.20; A. Hill, \$8.20; Ed Shultz, \$1.20; Total, \$16.40. City Attorney Webb's bill of \$38.50 for legal advice, etc., rendered from November 8 to last night was considered reasonable enough and was approved.

East Side Wants Walk.

A petition was presented to the council asking that a sidewalk 5 feet

wide be constructed on both sides of Tenth street from Center to Hope avenues in Sunrise and Donaghey additions. The petition was signed by ten property owners of that part of the city and their desire, which was commended by the city, was approved.

Awning Ordered Down.
Following the sidewalk prayer, a resolution by the proper committee was read which condemned as unsafe all awnings projecting over Main and Broadway and requested the chief of police to remove them. The resolution carried without any discussion.

Ordinance Creates Talk.
The plumbing ordinance which has been before the council for some little time was adopted. The double reading of this ordinance which consists of thirty sections consumed an hour or two and the discussion which followed demanded about as much time. The question of licensing plumbers arose and argument after argument was indulged in. Some members were in favor of allowing most anybody to do plumbing, contending that if their work was approved by the city engineer that it ought to be good enough work, and in this case the resident would probably get satisfactory work done at a cheaper price than if no one, who could not produce credentials showing him to be a practical man, would be allowed to work at the trade. In this connection Hope stated he failed to see why a blacksmith couldn't do a satisfactory job of plumbing if his work was approved by the city engineer, and Sims replied that "a blacksmith can shave you, too, but can't give you as good a shave as a barber."

A motion was then made and seconded that the meeting adjourn until Wednesday night when some more important business will come up.

MISS GERTRUDE THOMPSON IN HONOR MISS HAMILTON

There was given at the commodious home of Col. Geo. Thompson, by his accomplished daughter, Miss Gertrude, last evening in honor of her guest, Miss Laura Hamilton of Holdenville, a delightful party. The list of guests included the leading social young ladies and gentlemen of the city. Miss Gertrude was indeed a charming hostess and the ease with which she caused the twenty or more guests to feel at home and happy with each other portrayed the culture of her nature and training.

42 was the game played. Delicious refreshments were served.

Miss Hamilton, the guest is distinctly a favorite social visitor in the city.

SECRETARY WILSON DEFENDS THE FARMER

FARMERS AND STOCKMEN CAN'T
KEEP HIGH PRICES.

The Secretary Will Send His Report
to Congress Probably
Today.

Washington, Jan. 25.—On the authority of an official of the department of Agriculture it is stated that a report which Secretary Wilson will send to congress this week, possibly Tuesday, will absolve the farmer and stock raiser of blame for the increasing cost of living. It is stated that the bulletin will set forth figures to prove two salient facts:

1. That not only has the number of animals used for food increased during the past year, but that the increase has been greater in proportion to the previous supply than the increase in population.

2. That the prices paid to the producer of live stock is not substantially greater this year than it was last year, and that the prices paid by the consumer are much greater.

Who is getting this increase in the price of meat is a question, it is stated, that Secretary Wilson will leave unanswered, except that he will show that the farmer is not getting it.

Leaders Seem to Fear Investigation.

While the country is in an intense ferment over the question of the increased cost of food products, the leaders in control of congress appear to be in fear of entering upon a congressional investigation. Three weeks ago Representative Paul Howland of Cleveland, Ohio, introduced in good standing with the Cannon organization, introduced a resolution for a searching inquiry into the cost of living, and the responsibility therefor. The resolution went to the Committee on Rules of which Speaker Cannon is chairman. It has not been seen daylight yet. The Howland resolution was followed by an able and comprehensive speech by Representative Albert Douglass, also of Ohio, and also a republican classed as a "regular," who urged congress to take cognizance of the situation.

Representative Howland today said: "I don't see what I can do if the committee won't report the resolution. I put up the strongest argument I could and that ended it as far as I am concerned."

"I'll get that resolution reported for Howland," said Representative Champ Clark of Missouri, "for I believe it is something that ought to be ventilated. I don't care a rap whether a republican or a democrat introduced the thing. It's outrageous the way the dealers are charging for things these days. Reed Smoot got upon the floor of the senate the other day and said that the provision sellers nowadays were making 300 to 400 per cent profit on everything they handled. I think congress should by all means order an investigation to determine whether the manufacturers, jobbers, retailers or railroads are perpetrating this outrage on a people whose wage earners average only \$420 per year."

GARVIN COUNTY AND COLORADO VISITORS

L. Salla and wife of Hennepin, Garvin county, Ok., and Charles Seales and wife of Paonia, Delta county, Colo., are visiting Mr. and Mrs. August Fishback on 16th street, Ada, Okla. Mr. Sallee and wife is the father and mother of Mrs. Fishback. Mrs. Seales is a sister to Mrs. Sallee. Mr. and Mrs. Seales live in one of the finest fruit growing sections in America and is largely interested in growing fruit and in the cold storage business. His fruit lands are worth one thousand dollars per acre. He finds lots of apples in all the fruit stands in Ada out of their cold storage in Paonia, Colo.

Mr. Seales says a more beautiful town than Ada is hard to find and will certainly make a fine city in the near future.

REPUBLICAN NEWSPAPER FOR DEMOCRATIC ADA.

W. C. Birdwell of Cleveland, Okla., an experienced newspaper man, is in Ada considering the establishment within the near future of a republican newspaper.

GUITAR-PLAYING NEGRO STOPS BULLET WITH BREAST BONE

JOE POSTER TAKES SHOT AT
LOUIS MCKNIGHT.

Trouble Starting in Negrotown Last
Night Lands Principals in
Jail.

The fact that Louis McKnight has a breast bone is responsible for his being alive today instead of filling a hole in the ground.

McKnight, who is a negro, got in a mix-up with some other negroes in Negrotown and when the mix-up ended he had a bullet lying up against his jugular vein—and it's still there.

The wounded negro went to Joe Watson's home about five o'clock yesterday afternoon and, according to the information gathered by the officers, grabbed a negress with one hand while with the other he held an opened knife in a threatening manner. A negro by the name of McKay was in the room and says he thought McKnight was going to cut the negress's throat, so he grabbed him by the wrist, and asked him not to harm her, McKnight evidently misunderstood the other Mac—anyway the request wasn't granted. On the contrary, McKnight jumped on McKay with both feet and soon had him hors de combat.

Watson Gets Busy With Gun.

This disturbance brought Joe Watson on the scene. He issued orders to the fighting negro to vacate the house, McKnight vacated and a fight arose between the two which resulted in Watson shooting the other. The bullet hit the breast bone, as placed, and landed near the jugular vein. The shotlist has a scratch near his left eye which he claims was done by McKnight with a knife.

The wounded negro came up town after the affray and Chief of Police Culver had his wound dressed after which he was turned loose. Soon after McKnight arrived, Watson came to the city and wanted his eye worked on. He surrendered to the chief of police and was put in the city jail. Last night he was taken to the county jail.

McKnight Wanted More Trouble.

McKnight hadn't had enough excitement, so after his wound was dressed he returned to Negrotown and revived his difficulty with McKay. He hadn't been there very long until Sheriff Smith, Constable Adair and Policeman Mitchell visited the place. The negroes over whom the first doin's started told the officers all about the difficulty. After hearing her story they brought McKnight to the county jail and he and Watson are occupying a cell together.

Gun Is Missing.

The gun with which Watson did his shooting has not been found. Watson said he left it in Negrotown. If he did, he must have left it in a well, under a house or some other out of the way place as it can't be found. He says the gun was an automatic and McKnight says it was, too, but the officers say, in their estimation, it was a double barreled derring. If it had been an automatic gun McKnight's bone wouldn't have stopped it. The bullet is also too large for an automatic bullet.

McKnight is one of a quartette of negroes who have been in Ada for four or five months. They have composed a string band aggregation and McKnight was the guitar operator. He has been shot once before, the ball glancing as the one last night, which would indicate that his body is bullet proof.

Both negroes will be given an examining trial tomorrow.

Attend Club Meeting.

The citizens of Ada are urged to meet at the 25,000 club room this evening at 7:30 o'clock for the purpose of considering the Normal school work, and other interests looking to the welfare and growth of the city.

Tom Chambliss in City.

Col. Tom J. Chambliss of Stratford formerly mayor of Ada, and president of the city commercial club, returned to his home after visiting among his old friends a couple of days.

AMERICAN TARIFF NOTE UNPLEASANT TO GERMANS

REPLY DISAPPOINTS FOREIGN
OFFICE.

More Writing Necessary to Prevent
Hostilities Between the
Countries.

Berlin, Jan. 25.—The American note on the tariff is not satisfactory to the German government. A dispatch which was delivered to the Foreign office last night was deciphered in installments today, being examined

page by page by the officials concerned.

The first paragraphs of the note, which were favorable to the German contentions, gave the impression that the controversy was ended, but as the note proceeded it was perceived that various points have yet to be considered and that Washington continues to hold positions to which Germany is not prepared to yield at the present time.

The feeling at the Foreign Office is one of great disappointment, and, although there is no talk of tariff hostilities, it is evident that there must be a further exchange of communications.

Announcements

For County Treasurer
J. K. SCROGGINS,
J. W. WESTBROOK
R. H. (RIT) ERWIN

Justice of the Peace, Ada Precinct
HENRY J. BROWN

Ordinance No. 195.

An Ordinance relating to the regu-
lation and construction of Plumbing
in the City of Ada, Oklahoma, and
prescribing the materials to be used,
quality of work to be done, and pro-
viding a penalty for failure to com-
ply with same.

Be it ordained by the Mayor and
City Council of the City of Ada, Okla-
homa

Section 1 That all plumbing
done in the City of Ada, Oklahoma,
shall be done under the control of
a committee, appointed by the Mayor
and consisting of three members
of the City Council and the City En-
gineer who shall act as Inspector.

Sec 2 It shall be the duty of
said Inspector to inspect all plum-
bing and sewer connections during the
construction of said work and pass
on the sanitary condition as provided
in this ordinance and make complaint
to the Plumbing Committee of any
violation of the same. Said Inspector
shall also perform all duties re-
quired of him by Ordinances hereinaf-
ter to be passed in reference to the
Sewerage system in the City of
Ada, Oklahoma, and do and per-
form all duties required of him by
Ordinance and by the Plumbing
Committee.

It shall be the duty of said Plum-
bing Committee to examine and pass
upon the qualifications of all who
file an application desiring to engage
in the business of plumbing within
the limits of the City of Ada, Okla-
homa

This examination shall satisfy the
committee as to the applicants abili-
ty as a plumber and his familiarity
with the plumbing regulations of the
City of Ada, Oklahoma

Sec 3 It shall be the duty of ev-
ery plumber before proceeding with
the construction of any new work or
the reconstruction of any old work
except in the case of leaks or other
repairs which do not involve a
change in sewerage, drainage or
ventilation syphons to submit to the
City Engineer a set of plans show-

ing the proposed work to be per-
formed and no such work shall be
done without a permit

The conditions of the permit must
be strictly complied with, and the
work must be done by the plumber
or person in whose name the permit
is given

Sec 4 That there shall be charg-
ed and collected by the City Clerk
an inspection fee of one dollar for
each and every sewer connection and
an additional fee of twenty-five cents
for each fixture in new and recon-
structed work before the issuance of
a permit and the receipt of the City
Clerk shall be exhibited to the City
Engineer before any inspection is
made. The City Clerk shall keep a
record of all permits issued under
this ordinance. The permits shall be
numbered in the order issued. Each
permit shall give the exact location
of the property, owner of the prop-
erty, kind and number of connections
and fixtures and name of person or
persons employed to do the work.
No permit shall be deemed to au-
thorize anything not stated, and for
any misrepresentation the plumber
shall be suspended and if such mis-
representation appears to the Plum-
bing committee to be willful his li-
cense shall be revoked

Permits to make connections with
the sewer system will be issued only
when the plumbing in the house or
building to be connected is in ac-
cordance with the rules for plum-
bing hereinafter prescribed

The city clerk shall collect all fees
before issuing any permit and shall
retain ten per cent of the amount
of such fees as a commission, the bal-
ance to be turned over to the City
Treasurer and placed to the credit
of the engineering fund

Sec 5 The City Engineer shall
keep a record of his work and make
monthly reports to the City Coun-
cil covering all plumbing work done
within the City. All plumbing work
shall be frequently inspected and
shall be performed in strict accord-
ance with the plumbing regulations
and with the provisions of this ordi-
nance and a list of all condemned
premises shall be kept in the office
of the City Clerk for public inspec-
tion.

Sec 6 That every building within
the sewer district where main or lat-
eral sewers are provided for within
300 feet shall be connected therewith
within ninety days after the comple-
tion and acceptance of such main or
lateral in the street or alley abutting
upon any lot occupied by a building

Connections for the sewer must be
made for all water closets, urinals,
sinks or other places where refuse,
slop, waste paper, water, or domestic
fluids of any kind is accumulated
or deposited and no owner or occu-
pant of any lot or building shall
use any privy or ural or allow, any
refuse, slops, waste water or domes-
tic fluid waste of any kind to ac-
cumulate upon such lots after the
completion of the sanitary sewers
and the specified time above men-
tioned

Sec 7 The sanitary sewerage sys-
tem of the City of Ada, consists of
main and lateral conduits of salt
glazed vitrified earthenware pipe with
necessary accessories. They are de-
signed to carry off all liquid house
wastes, and are known hereinafter
as sanitary sewers

Sec 8 That whenever any sewer
pipe passes within five feet of any
well or cistern or when any sewer
pipe is laid under ground which has
been made or filled in, such pipe
shall be cast iron, and shall be laid
as per instructions of the Inspector.

Sec 9 The sewer Inspector is to
be given notice when any work is
ready for inspection and all work is
to be left uncovered and conven-

for examination until inspected and
approved. Such inspection shall be
made within 24 hours after notifica-
tion. The plumber shall furnish all
necessary tools, labor and assistance
for testing and inspecting his work
free of charge to the City of Ada.
The plumber shall remove or repair
any defective material when so or-
dered by the Inspector

Sec 10 No open gutter, cess-pools
or privy vaults shall be connected
with any sewer or drain only when
trapped in such a manner that the
water seal cannot be destroyed

Sec 11 No person, firm or corpor-
ation shall injure, break or remove
any portion of any man-hole, lamp-
hole, or flush tank, or any part of
the sewer system, or throw or depos-
it, or cause to be thrown or depos-
ited in any sewer opening or receptacle
connected with the sewer system, any
garbage, offal, dead animals, vege-
table parings, ashes, cinders, rags
or any other matter or thing what-
soever, except faeces, urine the neces-
sary water close tissue paper, liquid
house or mill slops, and roof water
by special permit

Sec 12 Any person, firm or corpor-
ation desiring to lay pipes for wa-
ter, gas, steam or any other pur-
pose in the streets or alleys where
sewers are laid shall give at least
24 hours notice to the Inspector be-
fore opening the street or alley and
the manner of excavating for laying
and back filling over such pipes shall
be subjected to the approval of the
Inspector. All work shall be plan-
ned and executed so that no injury
shall occur to any public sewer or
drain or to any house sewer, or drain
connected therewith.

Sec 13 The sewer Inspector shall
have the power to stop and prevent
from discharging into the sewer sys-
tem and private drain or sewer
through which substances are dis-
charged which are liable to injure
the sewers or obstruct the flow of
sewerage. Before any private drain
shall be connected with the sewer
system the owner of the private drain
or sewer shall prove to the satis-
faction of the Inspector that it is
clean and conforms in every respect
with these rules and regulations

Sec 14 The house sewer trench
shall be dug so as to meet the pub-
lic sewer at the position of the "Y"
branch as located by the Inspector.
The material thrown from the
trench shall be placed so as not to
obstruct and so as to cause the least
inconvenience to the public. Proper
barriers must be maintained on the
banks of the trench to guard the
public against accidents during the
progress of the work

In back filling the earth shall be
carefully rammed or flooded so as
to keep the pipe in the proper posi-
tion and avoid settling

All pipe systems must be as di-
rect as possible and shall have the
proper fall toward the sewer.

Sec 15 Within a building tar-
coated, cast iron pipes must be used.
No connection shall be allowed with
soil pipe, except those made with
lead pipe and turrets, all joints to
be wiped on both waste and supply
pipes, no cup or bolt joints to be
allowed under any circumstances.
Traps and fresh air inlets shall be
placed in house sewers when de-
emed necessary by the Inspector. Where
buildings are set on piers and sewer
pipe can be covered 12 inches at
the shallow end terra cotta pipe can
be used, but in enclosed buildings
the sewerage must in every case be
of cast iron pipe

Sec 16 The cover of the "Y"
branch on the sewer shall be care-
fully removed so as not to injure the
socket. The first joint of pipe at-
tached to the "Y" shall be curved
and set so as to give a good fall to
the sewer.

The pipe shall be laid on an even
grade and in a straight line. The

grade shall not be less than one (1)
inch in ten (10) feet unless by spe-
cial permission in which case provi-
sions must be made for regular and
efficient flushing. Curved pipe shall
be used for every deflection from a
straight line. The joints of the earth-
enware pipe shall be made with a
cement mortar mixed one part Port-
land cement and two parts clean
sharp sand. The joints of the cast
iron pipe shall be of oakum and
lead. The ends of private sewers not
immediately connected with the
plumbing fixtures shall be securely
closed by a water tight, imperish-
able material. If lead pipe the end
must be soldered. If cast iron pipe,
must be caulked with lead

Sec 17 All material used must be
of good quality and free from de-
fects. The work must be executed
in a thorough and workmanlike man-
ner

All cast iron pipes must be sound,
free from holes or cracks and of
standard grade, coated with tar and
asphaltum. All fittings used in con-
nection with such pipe shall corre-
spond with it in weight and quality.
Where lead pipe is used to connect
fixtures with vertical soil or waste
pipes and traps should if practicable
be exposed to view at all times for
ready inspection and for the con-
venience of repairing. When neces-
sary placed within partitions of re-
cesses of walls, soil and waste pipe
should be covered with wood work
so fastened with screws as to be
readily removed

Sec 18 A main waste pipe in
which wash basins, bath tubs, or
kitchen sinks discharge must be at
least two (2) inches in diameter, with
one and one-half (1 1/2) inch branches.
The main pipe from the sewer con-
nection to the house must be at
least four (4) inches in interior di-
ameter at every point. No tap or any
manner of obstruction to the free
flow of air through the whole course
of the main house sewer or soil
pipe will be allowed, except where
grease traps are used in connection
with kitchen sinks

This may be secured by an untrap-
ped main house sewer and soil pipe,
or if a trap is placed in the main
soil pipe, by a ventilating pipe to
the roof from the top side of the
trap and a fresh air inlet connecting
with the foot of the main soil pipe,
just above the trap

Every vertical soil and waste pipe
must be extended at least two feet
above the roof or parapet wall. It
must be of undiminished size with
open end or ventilating cap. It must
not open near a window nor air shaft
which ventilates living rooms. Soil,
waste and vent pipes in an extension
must be extended above the roof of
the main or adjoining buildings,
when otherwise they would open
within twenty (20) feet of the win-
dows of the main or adjoining build-
ing

Sec 19 All joints in iron drain
pipes, soil pipes and waste pipes
must be so filled with oakum and
lead and hand caulked as to make
them gas tight

All connections of lead pipes must
be made with a brass or lead sleeve
lead pipe put in the hub of the branch
of the iron pipe and caulked with
lead. The lead pipe must be attach-
ed to the ferrule by a wiped joint

All connections of lead waste and
vent pipes shall be made by means
of wiped joints

Sec 20 Every water closet, urinal
sinks, wash tray, and bath tub and
every tub and set of tubs must be
separately and effectually trapped.
Drum traps shall be used for all
bath tubs. Traps must be placed as
near the fixtures as possible, and
properly ventilated, except in water
closets outside of houses, in such
closet the trap and flush valve shall
be placed below frost line and no
flushing tank to be used in con-
nection therewith except automatic
flush tanks. In no case shall water
from bath tubs or other fixtures be
connected with the water closet trap.
Sinks in all packing houses, butcher
shops, lard rendering establishments,
hotels, restaurants, boarding houses
and laundries shall be provided with
suitable grease trap. Wash room for
carriages must be provided with
proper means for intercepting mud

Sec 21 Vent pipes from all fix-
tures, except water closets and slop
hoppers shall not be of less size

Prices 25c, 50c, 75c

than one and one-fourth inches in
diameter and when two fixtures con-
nect in the same vent it shall not
be less than one and one-half inches
in diameter. When three or four
fixtures are connected to the vent,
it shall not be less than two inches
in diameter, all above four fixtures
the vent must be four inches in di-
ameter. All water closets except anti-
freezing closets in out houses by al-
ley, must be back air vented with not
less than two inch pipe in diameter
from closet to main vent or stack
which must not be less than four
inches in diameter, except siphon
jets and approved pattern wash
down closets, and they not over six
feet from main stack and vent pipe

Sec 22 That waste from safes un-
der water closets, basins or any
other fixtures shall in no case be
connected with the house sewer. Sed-
iments, blown-off steam exhaust pipes
from boilers and tank overflow pipes,
shall not be connected with the sew-
ers

Sec 23 That waste pipes from re-
frigerators, and other receptacles in
which provisions or food are stored
shall not be directly connected with
the sewer. Such waste pipes shall be
provided with traps, suitably venti-
lated, and in every case there shall
be open air space between the trap
and the connection with the sewer.

Sec 24 Rain water conductors
shall not be connected with the sew-
ers, without a special permit

Sec 25 Overflows from fixtures
must, in each case be connected with
the inlet side of the trap

Sec 26 Water closets must be
made of iron enameled inside or glazed
earthware, all exposed, the wood
work to consist of seat, tank and
back only. In no instance will any
wood casing be allowed. No pan clo-
set, long hopper, or plunger closet
with direct supply of any kind will
be allowed except in prisons or asy-
lums or out houses, then the least
improved prison or asylum closet
must be used. No closet not having
walls flushed at each discharge or
ventilating space shall be used, ex-
cept siphon jets. Each water closet
shall be supplied with an individual
tank and no flush pipe for such shall
be less than one and one-fourth
inches in diameter, no tank shall be
used of a smaller size than the
standard five gallon tank and shall
be set to flush not less than four
gallons of water at each discharge.
A stop cock shall be placed next to
the floor on all close supply pipes

Sec 27 The plumbing work shall
not be used unless the same has
been subjected to a hydraulic test.
When soil and waste pipes are placed
in position, with all necessary
lead connections to receive fixtures
properly placed, the same shall be
soldered up and the whole system
filled with water to the highest point
or the smoke test. After all fixtures

have been placed and traps filled with
water, the whole shall be subjected
to a smoke test, the top of the sack
to be closed or plugged up and a
reasonable pressure of smoke shall
be applied, to the satisfaction of the
Inspector, when a certificate of ap-
proval will be issued to the plum-
ber by said Inspector, the certifi-
cate does not relieve the plumber
of his responsibility for any defective
work which may have escaped the
notice of the Inspector. It shall be
the duty of the Inspector to prompt-
ly condemn and order the removal
of any defective material or of any
work other than in accordance with
the provisions of the regulations. All
plumbing work must be done in a
workmanlike manner, and to the en-
tire satisfaction of the Inspector.

Sec 28 Exit pipes to all fixtures,
except water closets, shall be furnish-
ed with suitable permanently attach-
ed strainers. No person shall place
or suffer to be placed, any bulky sub-
stance in any sewer opening, or in
the house connections, or private
drains connecting with any public
main or lateral sewer, or any sub-
stance having a tendency to obstruc-
t the free flowage of said sewers, or to
damage them in any way.

Section 29 Any person violating
any of the provisions of these rules
and regulations shall be deemed guilty
of a misdemeanor and upon con-
viction thereof in the police court
shall be fined in any sum not ex-
ceeding \$25.00

Sec 30 That by reason of the un-
sanitary conditions existing from the
lack of sufficient drains and sewer-
age in the City of Ada, Oklahoma,
the health and safety of the inhabi-
tants are in imminent danger, where-
of it is deemed necessary for the
immediate preservation of the public
health and safety of the inhabitants
that this ordinance become operative
without delay, an emergency is
hereby declared to exist, and this or-
dinance shall take effect, and be in
full force from and after its passage,
approval and publication, as re-
quired by law

LITTLE FIRE DAMAGE.

Blaze Reported From Stockton Ave. This Morning.

A fire alarm was turned in at 7 a. m. from 15th and Stockton, but when the fire company arrived at the number there was no fire to be found. Later it was discovered that the fire was at a residence on 13th and Stockton, where a defective flue caused a little damage to the roof. The blaze was extinguished without the fire department.

KATY TWO HOURS LATE.

MISS LEONA CHAUNCEY WINS M. & P. ESSAY CONTEST

RECEIVES TEN DOLLARS AWARDED FROM BANK.

Guy Woodward Writes Second Best Story on George Washington. Other Winners.

The winners in the Merchants and Planters State Bank essay writing contest were made known yesterday afternoon and are announced as follows:

First prize, \$10, Leona Chauncey, Ada.

Second prize, \$5, Guy Woodward, Ada.

The next five who received one dollar each are: Gussie Lavin, Ada; Lenore McKendree, Ada; Lurine Chisler, Ada; Nell Hodge, Ada; Ethel Canton, Oklahoma.

The subject of the essay was "George Washington," and the event was advertised in the Evening News several weeks ago and the number of articles received from all over the county shows what a potent factor this paper is in the way of advertising.

J. M. Watkins, of the Evening News, Rev. J. O. Needham and Rev. J. D. White were the judges of the contest. Below is the prize winning essay by Miss Chauncey:

George Washington.
George Washington was first introduced to me in the Cherry tree story. He was the first man who never told a lie and many people think him the last. Anyhow, he is the last recorded in history.

Born in Virginia, 1759, surveyor in a wilderness beset by Indians, at sixteen successfully performing a perilous journey for his colony at eight years appointed colonel to defend the colonists against the French and Indians. This was his early preparation for leadership. An all-seed Providence protected him in battle, for later, in "Braddock's Defeat" two horses were shot from under him and four bullets through his coat, all others being killed or wounded.

When we consider the crude conditions, insufficient forces, lack of supplies, and no stability of government, he is, without doubt, the greatest military genius and deserves the title of "Father of His Country."

At Valley Forge he went to see the suffering and was often seen in some lonely spot praying. At the close of the war he was elected president, refusing a title, thereby setting a lasting example to our country. "First in war, first in peace, and first in the hearts of his countrymen." Washington's chief characteristic was common sense. This insured stability and progress to our nation.

His was a true type of sterling greatness. We might compare his character with a circle. There were no sharp lines or angles. Though he was not brilliant, he was well rounded. He was as great, as good from earliest times. God has raised up great and good men to lead nations in times of trouble and I believe it was his plan that Washington should bring about our glorious independence.

Notice of Dissolution of Partnership.

Doctors Craig and Runyan by mutual agreement dissolved partnership January 1, 1910.

Dr. Runyan assumes all indebtedness of the firm and will collect and receipt for all bills due the firm. All bills will be mailed as soon as possible.

All bills remaining unadjusted Feb. 1, 1910, will be considered delinquent, and will be placed in the hands of attorney after that date.

The Ada National Bank is authorized to receipt for any money paid in.

Business Announcement

To Whom It May Concern.

I wish to announce to my friends and customers of Ada and surrounding county that I have bought the business property of C. S. Aldrich and have put in a neat stock of Family Groceries with Free Delivery and Solicit a Share of Your Patronage.

Our motto will be cash and Prompt Delivery and courteous treatment to all. Will handle feed stuff, poultry and all kinds of produce.

Respectfully,

Y. N. FINLY

Phone 302.

BE SURE AND GIVE FIRE BOYS CORRECT NUMBER

HOUSE IS LIABLE TO BURN UP IF YOU DON'T.

A Communication to Evening News Telling How Better Service May Be Had.

The following communication reached the Evening News this afternoon. It contains some food for thought. Read it:

There was a little fire occurred on 13th and Stockton this morning and the alarm turned in to us at the station was from 15th and Stockton. If the citizens of Ada will use a little more precaution in case of fire they will secure better service as it is a fact that all we have to go by is the street and number which is telephoned to us. If the citizens will give us the correct number in case of fire we will certainly be in a better position to help them.
A DRIVER.

Country School Officers.

Messrs. J. H. Bullock and J. C. Ballard, school officers of District No. 61, adjoining Ada on the west, was in Ada Wednesday on business connected with their responsibilities as school trustees. They report that smallpox has interfered with the progress of the school. These gentlemen are appreciated subscribers to the News.

Notice to Fencing Contractors.

Published Jan. 17th to Jan. 28th Inc., 1910.

Notice is hereby given that in pursuance of a resolution adopted by the Mayor and City Council of City of Ada, Okla., on the 6th day of December, 1909, sealed bids will be received at the office of W. B. Jones, City Clerk of Ada, Oklahoma, up to five o'clock P. M., January 31, 1910, and will be considered by the Mayor and Council in the Council Chamber in the City Hall Building at eight o'clock P. M. on January 31, 1910. For the paving, necessary grading, curbing, guttering and draining of Main street from the East line of the M. & T. Railway right-of-way to the West line of Stockton Ave. to be paved a total width of sixty-eight (68) feet from face of curb to face of curb and on Main street from the West line of Stockton Ave. to the West line of the St. Louis and San Francisco Railway Right-of-way to be paved a total width of forty (40) feet from face of curb to face of curb; Townsend Ave. from the North line of 12th Street to the North line of the St. Louis and San Francisco Railway Right-of-way to be paved a total width of fifty-six (56) feet from face of curb to face of curb; Broadway Ave. from the North line of 12th street to the North line of the St. Louis and San Francisco Railway Right-of-way to be paved a total width of sixty-eight (68) feet from face of curb to face of curb. Each and all of said streets and avenues being in the City of Ada, Oklahoma, and that the material to be used in the paving of the roadway of said street shall be a two (2) inch Rock Asphalt wearing surface with a five (5) inch Portland Cement concrete foundation, and that the necessary grading to be done, and catch basins, concrete curbing and guttering, and draining to be constructed therefor in accordance with the plans and specifications prepared by city engineer, and adopted by the Mayor and City Council on the 12th day of January, 1910, and now on file in the office of the City Clerk.

Each bid must be accompanied by a certified check in the sum of five (5 per cent) per cent of the amount bid, to be forfeited to the City of Ada, Oklahoma, in case the successful bidder fails to enter into contract and give the required bond within the required time. Contractor will be required to give bond in the sum of thirty (30 per cent) per cent of the contract price for the faithful performance of said work, and the holding of the city harmless from any and all damages which might occur. The contractor will also be required to give bond in the sum of ten (10 per cent) per cent of the contract price for the keeping of the paving in a state of good repair for a period of not less than five (5) years. Contractor shall receive for the above work Street Improvement Bonds at par value against the abutting property according to House Bill No. 231 of the State of Oklahoma, dated April 17, 1908, and a certain amendment to said law known as House Bill No. 401, of the State of Oklahoma, dated March 23, 1909. Council reserves the right to reject any and all bids.
(SEAL)
W. B. JONES,
City Clerk.

Ada Ice and Fuel Co.

We sell the best Fancy Lump Coal, and to insure clean coal to our customers, we load our wagons with forks. We have our own wagons which insure prompt service. OUR PRICES ARE RIGHT. CALL US UP.

Bargains in Real Estate.

We have some splendid bargains in business and resident property. If you want to invest in something gilt edge, and that will pay good dividends, put your money in Ada real estate. If you want to sell, list it with us.

OTIS WEAVER AGENCY

"Don't be behind the times"

You can very easily get behind the times, when it comes to footwear, for every year the styles change to keep up with the times you must regard style, and then you will want "quality" and right price.

Style

We have the latest shapes and leathers.

Quality

After selecting the style you prefer—you begin to question the quality. Our shoes are made from the best leather and by skilled workmen—good quality means long wear—long wear means saving money.

Right Price

We all consider the price of goods closely. Our prices will bear close inspection—prices same to all—suit all.

Chapman The Shoe Man
E. Main Ada, Okla.

STATE CAPITAL NEWS.

Guthrie, Jan. 25.—The Corporation Commission is in receipt of a petition from the citizens of Kelleyville, Ok., asking that the Frisco railroad be ordered to stop their passenger train which leaves Sapulpa at 8:20 p. m. at Kelleyville for the purpose of discharging passengers.

The governor today granted requisition for N. H. Fox, charged with accessory in crime of murder in Arkansas. Fox was recently convicted of violation of the prohibition law at Sulphur, Okla., but the governor ordered the prisoner turned over to the Arkansas authorities for the purpose of standing trial on the more serious charge.

The senate yesterday passed the appropriation bill for the maintenance of the blind school at Fort Gibson, attaching the emergency clause. The bill carries an appropriation of \$40,000. This same bill was passed by the legislature last winter but failed to carry the enactment clause on final passage through

error, hence the action at the extra session.

The increase in taxation is nothing as compared to the increased cost of living. It is an undisputed fact that the republican party, by the forcing of the Payne tariff bill down the throats of the American people, is wholly and entirely responsible for the outrageous prices of food. Not a single postmaster editor dares to refute this statement. No denial is ever attempted of this by a federal office holder or ple counter seeker. The tax payers of Oklahoma have but to look at their grocery bills, and vote.

Every article of food has increased in price. Compare the prices you are paying for food stuffs, for clothing, etc., with prices of years ago and do not forget that the party of Aldrichism-Cannonsm and Ballingrism is responsible for this. Look at your grocery and clothing bills, then vote.

Insurance that insures. The Weaver Agency.

INDIANS WIN IN LAND SUIT

JUDGMENT FOR \$606,336.08 ALLOWED BY UNITED STATES COURT OF CLAIMS.

CASE IS SEVEN YEARS OLD

Brought by Choctaw and Chickasaw Nations Against United States as Remuneration for Allotted Lands.

Washington, Jan. 24.—Judgment for \$606,336.08 was allowed by United States Court of Claims today in the case brought seven years ago by the Choctaw and Chickasaw Nations against the United States as remuneration for lands allotted to Chickasaw freedmen.

In passing judgment today the Court held that freedmen were not entitled to allotments given by the government and that hence the government would be required to pay for the lands taken from the Indians at value of the lands as appraised by the Dawes Commission for the purpose of making a division among the enrolled Choctaws and Chickasaws, exclusive of freedmen.

Some 46,000 enrolled Indians will participate in this payment which will now have to be authorized by congress, and which, it is expected, will be tacked on the urgent deficiency bill, which has already passed the house. The value of each tract of land given to Chickasaw freedmen is fixed at \$130.16 by the Court of Claims.

Why Salves Fail to Cure Eczema.

Scientists are now agreed that the eczema germs are lodged not in the outer skin, or epidermis, but in the inner skin. Hence, a penetrating liquid is required, not an outward salve that clogs the pores.

We recommend to all eczema patients the standard prescription Oil of Wintergreen as compounded in liquid form known as D. D. D. Prescription. A third bottle of this D. D. D. Prescription, at only 25 cents, will instantly relieve the itch. We have sold and recommended this remedy for years, and know of wonderful cures from its use. We recommend it to our patrons.

Ramsey Drug Co., West Main St.

Purity, perfect results and economy all are combined in K C Baking Powder. Guaranteed the best at any price. You are wasting your money to pay more for any baking powder 25 cents for a 25 ounce can.

REAL ESTATE and FIRE INSURANCE

Advice We have recently established in the News Building a REAL ESTATE, INSURANCE and LOAN AGENCY and active and constant attention will be given to all business entrusted to our care. We propose to line up our agency along with the growth and advancement of the city, and we want to make your business acquaintance.

Real Estate We make a specialty of PUSHING property listed with our agency. We do not make a note of it on a memorandum, and forget it, but use printers ink to promote its early and sure sale. It pays to advertise. We preach that sort of doctrine and practice it as well. Property listed with us will be advertised, and if there is anything doing at all in the real estate transfers we are busy too. We have at the present date some pretty bargains in Ada stuff which you may see advertised in another column of this issue of the News. If you want to sell list with us today.

Insurance The WEAVER FIRE INSURANCE AGENCY was the first established in Ada, and during these nearly 10 years every claim has been promptly adjusted, to the entire satisfaction of the policy holder. This is not a bad record. This is true because only the best and strongest companies have been represented. Among these are: The Royal, New York Underwriters, the Niagara, and the Phenix. These are as strong as the Rock of Gibraltar. PROMPTNESS is the watch-word. You can make no mistake by selecting any of these to carry your risk.

Loans We are at present arranging to represent leading loan companies, and expect to be prepared at an early date to take care of applications for loans on city or farm property

HENRY J. BROWN

Ordinance No. 195.

An Ordinance relating to the reg-
ulation and construction of Plumbing
in the City of Ada, Oklahoma, and
prescribing the materials to be used,
quality of work to be done, and pro-
viding a penalty for failure to com-
ply with same.

Be it ordained by the Mayor and
City Council of the City of Ada, Ok-
lahoma

Section 1 That all plumbing
done in the City of Ada, Oklahoma,
shall be done under the control of
a committee, appointed by the Mayor
and consisting of three members
of the City Council and the City En-
gineer who shall act as Inspector.

Sec 2 It shall be the duty of
said Inspector to inspect all plumb-
ing and sewer connections during the
construction of said work and pass
on the sanitary condition as provided
in this ordinance and make complaint
to the Plumbing Committee of any
violation of the same. Said Inspector
shall also perform all duties re-
quired of him by Ordinances hereinaf-
ter to be passed in reference to the
Sewerage system in the City of
Ada, Oklahoma, and do and per-
form all duties required of him by
Ordinance and by the Plumbing
Committee.

It shall be the duty of said Plumb-
ing Committee to examine and pass
upon the qualifications of all who
file an application desiring to engage
in the business of plumbing within
the limits of the City of Ada, Okla-
homa.

This examination shall satisfy the
committee as to the applicants' abili-
ty as a plumber and his familiarity
with the plumbing regulations of the
City of Ada, Oklahoma.

Sec 3 It shall be the duty of every
plumber before proceeding with the
construction of any new work or
the reconstruction of any old work
except in the case of leaks or other
repairs which do not involve a
change in sewerage, drainage or
ventilation systems to submit to the
City Engineer a set of plans show-

ing the proposed work to be per-
formed and no such work shall be
done without a permit.

The conditions of the permit must
be strictly complied with, and the
work must be done by the plumber
or person in whose name the permit
is given.

Sec 4 That there shall be charg-
ed and collected by the City Clerk
an inspection fee of one dollar for
each and every sewer connection and
an additional fee of twenty-five cents
for each fixture in new and recon-
structed work before the issuance of
a permit and the receipt of the City
Clerk shall be exhibited to the City
Engineer before any inspection is
made. The City Clerk shall keep a
record of all permits issued under
this ordinance. The permits shall be
numbered in the order issued. Each
permit shall give the exact location
of the property, owner of the prop-
erty, kind and number of connections
and fixtures and name of person or
persons employed to do the work.
No permit shall be deemed to au-
thorize anything not stated, and for
any misrepresentation the plumber
shall be suspended and if such mis-
representation appears to the Plumb-
ing committee to be wilful his li-
cense shall be revoked.

Permits to make connections with
the sewer system will be issued only
when the plumbing in the house or
building to be connected is in ac-
cordance with the rules for plumb-
ing hereinafter prescribed.

The city clerk shall collect all fees
before issuing any permit and shall
retain ten per cent of the amount
of such fees as a commission, the bal-
ance to be turned over to the City
Treasurer and placed to the credit
of the engineering fund.

Sec 5 The City Engineer shall
keep a record of his work and make
monthly reports to the City Coun-
cil covering all plumbing work done
within the City. All plumbing work
shall be frequently inspected and
shall be performed in strict accord-
ance with the plumbing regulations
and with the provisions of this ordi-
nance and a list of all condemned
premises shall be kept in the office
of the City Clerk for public inspec-
tion.

Sec 6 That every building within
the sewer district where main or lateral
sewers are provided for within
300 feet shall be connected therewith
within ninety days after the comple-
tion and acceptance of such main or
lateral in the street or alley abutting
upon any lot occupied by a building.

Connections for the sewer must be
made for all water closets, urinals,
sinks or other places where refuse
slop, waste paper, water, or domestic
fluids of any kind is accumulated
or deposited and no owner or occu-
pant of any lot or building shall
use any privy or outhouse or allow,
refuse, slops, waste water or domes-
tic fluid waste of any kind to ac-
cumulate upon such lots after the
completion of the sanitary sewers
and the specified line above men-
tioned.

Sec 7 The sanitary sewerage sys-
tem of the City of Ada, consists of
main and lateral conduits of salt
glazed vitrified earthenware pipe with
necessary accessories. They are de-
signed to carry off all liquid house
wastes, and are known hereinafter
as sanitary sewers.

Sec 8 That whenever any sewer
pipe passes within five feet of any
well or cistern or when any sewer
pipe is laid under ground which has
been made or filled in, such pipe
shall be cast iron, and shall be laid
as per instructions of the Inspector.

Sec 9 The sewer inspector is to
be given notice when any work is
ready for inspection and all work is
to be left uncovered and convenient

for examination until inspected and
approved. Such inspection shall be
made within 24 hours after notifica-
tion. The plumber shall furnish all
necessary tools, labor and assistance
for testing and inspecting his work
free of charge to the City of Ada.
The plumber shall remove or repair
any defective material when so or-
dered by the inspector.

Sec 10 No open gutter cess-pools
or privy vaults shall be connected
with any sewer or drain only when
trapped in such a manner that the
water seal cannot be destroyed.

Sec 11—No person, firm or corpora-
tion shall injure, break or remove
any portion of any man-hole, lamp-
hole or flush tank, or any part of
the sewer system, or throw or depos-
it, or cause to be thrown or depos-
ited, in any sewer opening or receptacle
connected with the sewer system, any
garbage, offal, dead animals, vege-
table parings, ashes, clinders, rags
or any other matter or thing what-
soever, except faeces, urine the neces-
sary water close tissue paper liquid
house or mill slops and roof water
by special permit.

Sec 12 Any person, firm or corpora-
tion desiring to lay pipes for wa-
ter gas steam or any other pur-
pose in the streets or alleys where
sewers are laid shall give at least
24 hours notice to the inspector be-
fore opening the street or alley and
the manner of excavating for laying
and back filling over such pipes shall
be subjected to the approval of the
Inspector. All work shall be plan-
ned and executed so that no injury
shall occur to any public sewer or
drain or to any house sewer, or drain
connected therewith.

Sec 13—The sewer inspector shall
have the power to stop and prevent
from discharging into the sewer sys-
tem and private drain or sewer
through which substances are dis-
charged which are liable to injure
the sewers or obstruct the flow of
sewerage. Before any private drain
shall be connected with the sewer
system the owner of the private drain
or sewer shall prove to the satisfac-
tion of the inspector that it is
clean and conforms to every respect
with these rules and regulations.

Sec 14 The house sewer trench
shall be dug so as to meet the pub-
lic sewer at the position of the Y
branch as located by the inspector.
The material thrown from the
trench shall be placed so as not to
obstruct and so as to cause the least
inconvenience to the public. Proper
barriers must be maintained on
the banks of the trench to guard the
public against accidents during the
progress of the work.

In back filling the earth shall be
carefully rammed or flooded so as
to keep the pipe in the proper posi-
tion and avoid settling.

All pipe systems must be as di-
rect as possible and shall have the
proper fall toward the sewer.

Sec 15 Within a building tar-
coated cast iron pipes must be used.
No connection shall be allowed with
soil pipe, except those made with
lead pipe and fittings, all joints to
be wiped on both waste and supply
pipes no cup or bolt joints to be
allowed under any circumstances.
Traps and fresh air inlets shall be
placed in house sewers when de-
emed necessary by the inspector. Where
buildings are set on piers and sewer
pipe can be covered 12 inches at
the shallow end terra cot a pipe can
be used, but in enclosed buildings
the sewerage must in every case be
of cast iron pipe.

Sec 16—The cover of the "Y"
branch on the sewer shall be care-
fully removed so as not to injure the
socket. The first joint of pipe at-
tached to the "Y" shall be curved
and set so as to give a good fall to
the sewer.

The pipe shall be laid on an even
grade and in a straight line. The

grade shall not be less than one (1)
inch in ten (10) feet unless by spe-
cial permission in which case provi-
sions must be made for regular and
efficient flushing. Curved pipe shall
be used for every deflection from a
straight line. The joints of the earth-
ware pipe shall be made with a
cement mortar mixed one part Port-
land cement and two parts clean
sharp sand. The joints of the cast
iron pipe shall be of oakum and
lead. The ends of private sewers not
immediately connected with the
plumbing fixtures shall be securely
closed by a water tight, imperish-
able material. If lead pipe the end
must be soldered. If cast iron pipe,
must be caulked with lead.

Sec 17, All material used must be
of good quality and free from de-
fects. The work must be executed
in a thorough and workmanlike man-
ner.

All cast iron pipes must be sound,
free from holes or cracks and of
standard grade, coated with tar and
asphaltum. All fittings used in con-
nection with such pipe shall corre-
spond with it in weight and quality.
Where lead pipe is used to connect
fixtures with vertical soil or waste
pipes and traps should if practicable
be exposed to view at all times for
ready inspection and for the con-
venience of repairing. When neces-
sary placed with in partitions of re-
cesses of walls, soil and waste pipe
should be covered with wood work
so fastened with screws as to be
readily removed.

Sec 18—A main waste pipe in
which wash basins, bath tubs, or
kitchen sinks discharge must be at
least two (2) inches in diameter, with
one and one-half (1½) inch branches.
The main pipe from the sewer con-
nection to the house must be at
least four (4) inches in interior di-
ameter at every point. No tap or any
manner of obstruction to the free
flow of air through the whole course
of the main house sewer or soil
pipe will be allowed, except where
grease traps are used in connection
with kitchen sinks.

This may be secured by an untrapped
main house sewer and soil pipe,
or if a trap is placed in the main
soil pipe, by a ventilating pipe to
the roof from the top side of the
trap and a fresh air inlet connecting
with the foot of the main soil pipe,
just above the trap.

Every vertical soil and waste pipe
must be extended at least two feet
above the roof or parapet wall. It
must be of undiminished size with
open end or ventilating cap. It must
not open near a window nor air shaft
which ventilates living rooms. Soil,
waste and vent pipes in an extension
must be extended above the roof of
the main or adjoining buildings,
when otherwise they would open
within twenty (20) feet of the win-
dows of the main or adjoining build-
ings.

Sec 19 All joints in iron drain
pipes soil pipes and waste pipes
must be so filled with oakum and
lead and hand caulked as to make
them gas tight.

All connections of lead pipes must
be made with a brass or lead sleeve
lead pipe put in the hub of the branch
of the iron pipe and caulked with
lead. The lead pipe must be attach-
ed to the ferrule by a wiped joint.

All connections of lead waste and
vent pipes shall be made by means
of wiped joints.

Sec 20 Every water closet, urinal
sinks wash tray, and bath tub and
every tub and set of tubs must be
separately and effectually trapped.
Drum traps shall be used for all
bath tubs. Traps must be placed as
near the fixtures as possible, and
properly ventilated, except in water
closets outside of houses, in such
closet the trap and flush valve shall
be placed below frost line and no
flushing tank to be used in con-
nection therewith except automatic
flush tanks. In no case shall water
from bath tubs or other fixtures be
connected with the water closet trap.
Sinks in all packing houses, butcher
shops lard rendering establishments,
hotels, restaurants, boarding houses
and laundries shall be provided with
suitable grease trap. Wash room for
carriages must be provided with
proper means for intercepting mud.

Sec 21 Vent pipes from all fix-
tures, except water closets and slop
hoppers shall not be of less size

than one and one-fourth inches in
diameter and when no fixtures con-
nect in the same vent it shall not
be less than one and one-half inches
in diameter. When three or four
fixtures are connected to the vent,
it shall not be less than two inches
in diameter, all above four fixtures
the vent must be four inches in di-
ameter. All water closets except anti-
freezing closets in out houses by al-
ley, must be back air vented with not
less than two inch pipe in diameter
from closet to main vent or stack
which must not be less than four
inches in diameter, except siphon
jets and approved pattern wash
down closets and they not over six
feet from main stack and vent pipe.

Sec 22 That waste from safes un-
der water closets, basins or any
other fixtures shall in no case be
connected with the house sewer. Sed-
iments blown-off steam exhaust pipes
from boilers and tank overflow pipes
shall not be connected with the sewer.

Sec 23 That waste pipes from re-
frigerators, and other receptacles in
which provisions or food are stored
shall not be directly connected with
the sewer. Such waste pipes shall be
provided with traps, suitably venti-
lated, and in every case there shall
be open air space between the trap
and the connection with the sewer.

Sec 24 Rain water conductors
shall not be connected with the sew-
ers, without a special permit.

Sec 25—Overflows from fixtures
must, in each case be connected with
the inlet side of the trap.

Sec 26 Water closets must be
made of iron enameled inside or glaz-
ed earthenware all exposed, the wood
work to consist of seat, tank and
back only. In no instance will any
wood casing be allowed. No pan clos-
et, long hopper, or plunger closet
with direct supply of any kind will
be allowed except in prisons or asy-
lums or out houses, then the last
improved prison or asylum closet
must be used. No closet not having
walls flushed at each discharge or
ventilating space shall be used, ex-
cept siphon jets. Each water closet
shall be supplied with an individual
tank and no flush pipe for such shall
be less than one and one-fourth
inches in diameter, no tank shall be
used of a smaller size than the
standard five gallon tank and shall
be set to flush not less than four
gallons of water at each discharge.
A stop cock shall be placed next to
the floor on all close supply pipes.

Sec 27 The plumbing work shall
not be used unless the same has
been subjected to a hydraulic test.
When soil and waste pipes are plac-
ed in position, with all necessary
lead connections to receive fixtures
properly placed, the same shall be
soldered up and the whole system
filled with water to the highest point
or the smoke test. After all fixtures

have been placed and traps filled with
water, the whole shall be subjected
to a smoke test, the top of the sack
to be closed or plugged up and a
reasonable pressure of smoke shall
be applied, to the satisfaction of the
inspector when a certificate of ap-
proval will be issued to the plumb-
er by said inspector, the certifi-
cate does not relieve the plumber
of his responsibility for any defective
work which may have escaped the
notice of the inspector. It shall be
the duty of the inspector to prompt-
ly condemn and order the removal
of any defective material or of any
work other than in accordance with
the provisions of the regulations. All
plumbing work must be done in a
workmanlike manner, and to the en-
tire satisfaction of the Inspector.

Sec 28 Exit pipes to all fixtures,
except water closets, shall be furnish-
ed with suitable permanently attach-
ed strainers. No person shall place
or suffer to be placed, any bulky sub-
stance in any sewer opening, or in
the house connections, or private
drains connecting with any public
main or lateral sewer or any sub-
stance having a tendency to obstruct
the free flowage of said sewers, or to
damage them in any way.

Sec 29 Any person violating
any of the provisions of these rules
and regulations shall be deemed guilty
of a misdemeanor and upon con-
viction thereof in the police court
shall be fined in any sum not ex-
ceeding \$25.00.

Sec 30 That by reason of the un-
sanitary conditions existing from the
lack of sufficient drains and sewer-
age in the City of Ada, Oklahoma,
the health and safety of the inhabi-
tants are in imminent danger, where-
of it is deemed necessary for the
immediate preservation of the public
health and safety of the inhabitants
that this ordinance become operative
without delay, an emergency is
hereby declared to exist, and this or-
dinance shall take effect, and be in
full force from and after its passage
approval and publication, as requir-
ed by law.

NEWSPAPERARCHIVE®

STATE CAPITAL NEWS.

Guthrie, Jan. 25.—The Corporation Commission is in receipt of a petition from the citizens of Kelleyville, Ok., asking that the Frisco railroad be ordered to stop their passenger train which leaves Sapulpa at 8:20 p. m. at Kelleyville for the purpose of discharging passengers.

The governor today granted requisition for N. H. Fox, charged with accessory in crime of murder in Arkansas. Fox was recently convicted of violation of the prohibition law at Sulphur, Okla., but the governor ordered the prisoner turned over to the Arkansas authorities for the purpose of standing trial on the more serious charge.

The senate yesterday passed the appropriation bill for the maintenance of the blind school at Fort Gibson, attaching the emergency clause. The bill carries an appropriation of \$40,000. This same bill was passed by the legislature last winter but failed to carry the emergency clause on final passage through

error, hence the action at the extra session.

The increase in taxation is nothing as compared to the increased cost of living. It is an undisputed fact that the republican party, by the forcing of the Payne tariff bill down the throats of the American people, is wholly and entirely responsible for the outrageous prices of food. Not a single postmaster editor dares to refute this statement. No denial is ever attempted of this by a federal office holder or ple counter seeker. The tax payers of Oklahoma have but to look at their grocery bills, and vote.

Every article of food has increased in price. Compare the prices you are paying for food stuffs, for clothing, etc., with prices of years ago and do not forget that the party of Aldrichism-Cannonsm and Ballingerism is responsible for this. Look at your grocery and clothing bills, then vote.

INDIANS WIN IN LAND SUIT

JUDGMENT FOR \$606,938.08 ALLOWED BY UNITED STATES COURT OF CLAIMS.

CASE IS SEVEN YEARS OLD

Brought by Choctaw and Chickasaw Nations Against United States as Remuneration for Allotted Lands.

Washington, Jan. 24.—Judgment for \$606,938.08 was allowed by United States Court of Claims today in the case brought seven years ago by the Choctaw and Chickasaw Nations against the United States as remuneration for lands allotted to Chickasaw freedmen.

In passing judgment today the Court held that freedmen were not entitled to allotments given by the government and that hence the government would be required to pay for the lands taken from the Indians at value of the lands as appraised by the Dawes Commission for the purpose of making a division among the enrolled Choctaws and Chickasaws, exclusive of freedmen.

Some 46,000 enrolled Indians will participate in this payment which will now have to be authorized by congress, and which, it is expected, will be tacked on the urgent deficiency bill, which has already passed the house. The value of each tract of land given to Chickasaw freedmen is fixed at \$130.16 by the Court of Claims.

Why Salves Fail to Cure Eczema.

Scientists are now agreed that the eczema germs are lodged not in the outer skin, or epidermis, but in the inner skin, hence, a penetrating liquid is required, not an outward salve that clogs the pores.

We recommend to all eczema patients the standard prescription Oil of Wintergreen as compounded in liquid form known as D. D. D. Prescription A third bottle of this D. D. D. Prescription, at only 25 cents, will instantly relieve the itch. We have sold and recommended this remedy for years, and know of wonderful cures from its use. We recommend it to our patrons.

Ramsey Drug Co., West Main St.

Purity, perfect results and economy all are combined in K. C. Baking Powder. Guaranteed the best at any price. You are wasting your money to pay more for any baking powder 25 cents for a 25 ounce can.
